EXPERIENCE

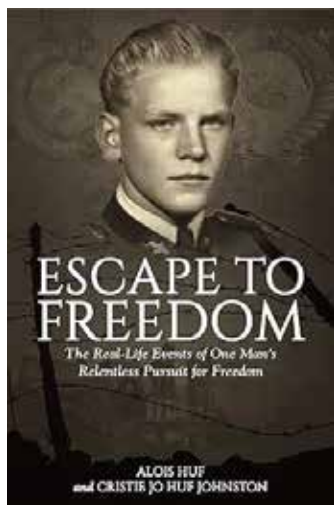

Cristie Jo and Jerry's parenting and years of presenting strategic, **LIFE-CHANGING MESSAGES** have taken them across the globe to help churches and nonprofit organizations teach, mentor, and instruct believers in God's word, family, faith, leadership, and a Christian critical thinking worldview.

As a **TEACHER**, Cristie Jo has spoken on various platforms, including the National Day of Prayer in Washington, DC, at the invitation of Shirley Dobson, and taught multiple biblical lessons, including the 66 books of the Bible. Cristie Jo is an ardent, lifelong student of God's Word. Her presentations are marked by theological substance, skilled application, and creative delivery. Her Bible study class and weekly local television program experienced rapid growth.

As an **AUTHOR**, Cristie Jo invested years of research culminating in the book **ESCAPE TO FREEDOM: The Real-Life Events of One Man's Relentless Pursuit for Freedom (405pp)**, which she co-authored with her father, unveiling a riveting true post-World War II adventure. The book details her parents' struggle to survive and the sacrifices they made to find freedom,

love, hope, and redemption in a new world, America, after escaping communism and living in refugee camps as displaced persons.

The seeds for the **LIL CRISTIE CHRONICLES™** children's book series were sown in cherished moments with her grandchildren, which inspired Cristie Jo to add "children's picture book writer and storyteller" to her list of undertakings, leading to the series' birth.

“Cristie Jo is an absolutely commanding communicator. She is, hands down, the single-best female communicator I have ever heard. She is among the finest communicators and teachers I have ever met, regardless of gender. She is capable of reeling in her audience in a disarming manner but dropping an atomic weapon of truth on everyone present, leading to enormous spiritual fallout and a powerful radiation of God’s power.”

Christian THE POWER AND INFLUENCE OF Strong KIDS

Barna recently surveyed 400 US children ages 8-12. **Shockingly, only 3% embrace 3 of 7 "cornerstone" beliefs about Christianity.** The data reveals that our little ones are stumbling and even straying from the path parents and grandparents are instructed to guide them in, "Direct your children onto the right path, and when they are older, they will not leave it." (Proverbs 22:6)

Lil Cristie Chronicles

"The responsibility of every parent and grandparent is unlike ever before.

Given an increasingly deviant and compromising culture, our little ones are now the most vulnerable demographic, being lured and tempted to dismiss a biblical Christian worldview and turn away from God. Conversely, our children are the most promising group to receive and accept biblical truth and essential Christian doctrine. Their brains are developing quicker than all other parts of their bodies. Just as a sponge sucks up liquid, so too are their minds quickly absorbing information from the people and environment around them. Children are not passive objects. They have a voice. We have an opportunity to help them construct a strong biblical worldview so their voices are heard the world over. This is my passion as a mother and grandmother."

– Cristie Jo Johnston

Storytelling is a compelling way to catechize and connect with children. It engages their imagination and makes things personal while offering them a chance to learn about God, family, the world, and themselves. Children love to hear stories that begin with, "Once upon a time, in a faraway place, on a farm with a big gray barn ..."

Lil Cristie Chronicles™ is not your typical children's book series; it's a one-of-a-kind learning adventure. This engaging, interactive, five-volume series weaves in powerful **Christian values**, guiding children to explore, experience, and personalize their faith. The stories, featuring the spirited **Teetee** and her loyal puppy **Tref**, are based on **Cristie Jo's real-life childhood adventures**. They are transformed into captivating life lessons rooted in **biblical truth**. Join this dynamic duo as they navigate through intriguing and heartwarming scenarios such as life on a farm, the challenges of living with immigrant parents, world events, international travel, educational journeys behind the communist border, encounters with foreign customs, dealing with bullies, finding one's place among siblings, and most importantly, discovering God and faith.
